EDUCATION

University of Pennsylvania School of Arts and Science, Philadelphia, PA.
Bachelor of Arts (*Cum Laude*), May 1984.

George Washington University School of Medicine, Washington, D.C.
Doctor of Medicine, May 1989

Washington Hospital Center Internal Medicine Residency, Washington, D.C.

EXPERIENCE

AME MEDICAL GROUP

1/2015-Present

Practiced as a Staff Physician in an Urgent Care Facility which specialized in urgent care and occupational medicine. Patient population was composed of infant, pediatric, adult, and geriatric patients with acute and chronic diseases. Performed minor trauma care and outpatient surgical procedures when indicated. Additional services included workman's comp initial and follow-up visits, occupational medicine, employee drug testing and physical exams, X-Ray diagnostics, blood tests, and travel vaccines.

RELIANT IMMEDIATE CARE MEDICAL GROUP/URGENT CARE CENTER

11/2010-2/2015

Practiced as a Staff Physician in an Urgent Care Facility which specialized in urgent care and occupational medicine. Patient population was composed of infant, pediatric, adult, and geriatric patients with acute and chronic diseases. Performed minor trauma care and outpatient surgical procedures when indicated. Additional services included workman's comp initial and follow-up visits, occupational medicine, employee drug testing and physical exams, X-Ray diagnostics, blood tests, and travel vaccines.

ELITE MEDICAL COSMETIC CENTERS

11/2001-Present

Medical Director of a high end Beverly Hills cosmetic office specializing in Phlebology and non-surgical cosmetic medicine. Practice had 3 satellite offices in Studio City, Pasadena, and Manhattan Beach. Clinical duties include providing medical consultation, diagnostic evaluation, and treatment to patients with peripheral vascular disease. Diagnostic evaluations include performing color flow duplex ultrasound scanning. Treatment modalities include compression sclerotherapy for medical and/or cosmetic purposes; comprehensive use of duplex-guided Transcatheter infusion for venous disease complicated by perforator incompetence; and Endovenous Laser Therapy (EVLT) – was certified by Diomed as the official physician instructor for Diomed Systems in EVLT training for physicians from the mid-West to West Coast. Other procedures include liposculpture with tumescent anesthesia micro-liposuction and SmartLipo laser Lipolysis for all body parts. According to Cynosure this LA practice was one of the most successful they had seen (per Giff Kabat, Cynosure regional sales manager). Other cosmetic procedures include Botox/Xeomin/Dysport, filler implant treatments, Photoderm/IPL, laser hair removal, CO2 Fractional Laser Ablation, and Erbium-YAG laser treatment. Lastly, provided physician supervised weight loss program. Administrative duties include hiring and management of all personnel, evaluation of all referral sources including direct marketing campaigns, analysis of Profit and Loss statements and strategic decision making for corporate enterprise.

RESEDA FAMILY PRACTICE AND URGENT CARE CENTER

1/2002-5/2006

Medical Director of an outpatient Family Practice office. Patient population consisted of adult and geriatric patients with acute and chronic disease. Performed extensive diagnostic testing such as Ultrasound testing, EKG's, Cardiac Echos, and Carotid Doppler tests for chronic disorders including diabetes, hypertension, cardiac conditions, and chronic pain. Provided medical care and physical therapy to patients with musculoskeletal disease and chronic pain conditions. Also performed minor surgical procedures when indicated.

NORTH HOLLYWOOD MEDICAL CENTER**6/2002-5/2006**

Medical Director of an outpatient Family Practice office. Patient population consisted of adult and geriatric patients with acute and chronic disease. Performed extensive diagnostic testing such as Ultrasound testing, EKG's, Cardiac Echos, and Carotid Doppler tests for chronic disorders including diabetes, hypertension, cardiac conditions, and chronic pain. Provided medical care and physical therapy to patients with musculoskeletal disease and chronic pain conditions. Also performed minor surgical procedures when indicated.

AMERICAN VEIN INSTITUTE**9/1993-1/2011**

Medical Director of large national practice specializing in Phlebology. Clinical duties include providing medical consultation, diagnostic evaluation, and treatment to patients with peripheral vascular disease. Diagnostic evaluations include performing pneumoplethysmography, photoplethysmography(light rheography), and bi-directional arterial and venous Doppler studies, and duplex ultrasound scanning. Treatment modalities include compression sclerotherapy for medical and/or cosmetic purposes; comprehensive use of duplex-guided Transcatheter infusion for venous disease complicated by perforator incompetence, Endovenous Laser Therapy (EVLT), Photoderm, and Altus Long Wavelength (1064 nm.) laser therapy. Administrative duties include procurement of office space, negotiations of office leases, furnishing of office space, hiring, training, and management of all personnel, evaluation of all referral sources including direct marketing campaigns, analysis of Profit and Loss statements and strategic decision making for corporate enterprise.

SEMINARY ROAD URGENT CARE AND FAMILY PRACTICE CENTER**10/1993-1/1996**

Practiced as a family physician in primary care setting. Practice included adult medicine, pediatric care, gynecological care, and geriatric care. Performed minor office surgery and procedures (e.g. electrocautery, cryosurgery, flexible sigmoidoscopy, and minor trauma care). First clinical investigations of minoxidil 2% for Alopecia Androgenetica.

FIRST CHOICE MEDICAL AND REHAB CENTER**6/1993-12/1995**

Provided medical care and physical therapy to patients with musculoskeletal disease ranging from cervical neck to lumbar spine. Evaluation included radiographic studies, MRI studies. Treatment modalities included physical therapy, chiropractic therapy, ultrasound and interferential treatment. Pioneered the first center in the U.S.A. to use VAX-D therapy for LS disc disease; performed initial studies to document efficacy of treatment for Disc herniation and bulging.

MEDICAL AND REHABILITATION SERVICES**1/1991-12/1995**

Medical Director for large rehabilitation company which provided physical therapy, occupational therapy, and speech therapy to several nursing homes with in-house staffing and facilities.

CREDENTIALS

Licensed in California

PROFESSIONAL ORGANIZATIONS

American Medical Association
American College of Phlebology, appointed to Education Committee 1996
American College of Cosmetic Physicians

ACADEMIC ACHIEVEMENTS

Primary Investigator for FDA on laser-like device, PhotoDerm PL (1996)
Nominated to Education Committee of American College of Phlebology (1996)
Co-Author of web site for national medical society, American College of Phlebology
Co-Author of chapters on venous disease for eMedicine Online, an online Emergency Medicine Textbook
Official West Coast instructor for Diomed. Trained physicians from mid-West to West Coast in Endovenous Laser Treatment (2003-2006)

Vein Diagnosis and Treatment: A Comprehensive Approach, McGraw-Hill Medical Publishing Division, 2001.

“Intralesional Cidofovir For Recurrent Laryngeal Papillomas: Preliminary Report,” Ear, Nose, Throat Journal, April 2000, Volume 79, Number 4.

“Allergic Reactions to Polidocanol for Vein Sclerosis,” Journal of Dermatological Surgery and Oncology, July 1994, Volume 20, Number 7.

SPECIAL SKILLS

Clinical Skills:

- Sclerotherapy, Ambulatory Phlebectomy, Laser Surgery, Ultrasound-guided Sclerotherapy
- Ultrasound guided Endovenous Laser Therapy (EVLT)
- Tumescent Anesthesia SmartLipo
- Diagnostic arterial and venous flow studies
- Flexible sigmoidoscopy
- Cardiac Stress Testing
- Diagnostic nerve conduction testing and Surface EMG

Languages: Fluency in: English, Spanish, Persian, and French

Computer skills: Comprehensive knowledge of computer hardware and software for IBM PC's, Apple/Macintosh systems, The Next. Extensive knowledge of Windows 95/98/2000 and Microsoft Word, Microsoft Excel, Adobe Pagemaker 6.5, and Adobe Photoshop 5.0. Entry level programming in Visual Basic 6. Database management in Access 7 and SQL Server 7. Directed Medical Informatics for several private offices in medical field.
